Semester:

Date progress report was
submitted to faculty advisor
for review:

Date progress report
was submitted to
academic advisor:

I certify that I have reviewed
the first semester senior
thesis report (consulting
with the student's committee
if necessary) and

I have determined that adequate progress is
being made.

I have determined that inadequate progress
is being made.

Faculty Advisor's signature:

Note: Failure to make adequate progress or receiving a grade lower than B- for the first semester will prevent the student from continuing to use the senior thesis to fulfill their capstone requirement. In these situations, please notify the chair of the Undergraduate Committee as well as the student's academic advisor so they can meet with the student to review options.
